Dear Mr Milliken,

I tried to find a room which was classed as fully accessible and there are none available. Unfortunately room booking here is very difficult and I cannot get a room that is appropriate.

Apologies.

Liz

Thank you for your formal invite which we accept however it is preferred that the meeting is at County Hall and not Broadland Council offices. Parking provision at Broadland is poor and I would suggest given my own

experience of attending Broadlands offices, County Hall is easier to get to. It surprises me that they are more accessible than County Hall given my own experience of both offices.

I await your comments on this venue selection.

I will gather the names of attendees and let you know who they will be over the next few days, I know David Wildon of Marlingford and Colton Parish Council would like to attend with us and they have similar concerns.

Regards

Peter

Dear All,

The meeting is being held at Broadland DC as they have more appropriate access than that available at County Hall.

It would be useful to know attendees in advance.

Kind regards

Liz
